

5. ROAD APPROACHES

Requests for approaches shall be submitted in writing. An approach request form may be used. The Development Officer/Director of Public Works shall assess and report to Council. When approved by Council they shall be inspected by the Development Officer or Director of Public Works. Approaches may be supplied as requested during construction of the adjoining road at no cost or supplied at other times at no cost at the discretion of the Division Councillor. New subdivisions, well sites or farmsteads may be responsible for their own approach subject to approach regulations on the following page.

Apr. 13/06

Gravelling of approaches will be done by the M.D. on roads where construction takes place. Gravelling of new approaches will be the responsibility of the adjacent landowner.

Approval to build an approach, use an existing approach or use an undeveloped road is in no way an implied agreement by the MD of Provost to develop, maintain or plow the snow on the undeveloped or developed Government Road Allowance.

Apr. 12/07

Fees for consent will be as follows:

Approach consent to construct a new approach on right-of-ways \$300.00 + GST

Approach consent to utilize an existing approach on right-of-ways \$100.00 + GST

Feb. 25/05
