INVITATION TO TENDER / ADVERTISEMENT

Sealed Tenders
for:

Gravel Crushing Operations 2010

The Adams Pit (SW-27-40-6-W4)
Approximately 25,000 cubic yards

Tender Number: 10-101

Will be received by:

MD of Provost No. 52
(the "MD ")

at:

MD of Provost No. 52
Administration Office
4504-53rd Avenue
Provost, AB
T0B 3S0

Attention: Tyler Lawrason

Time and date for Tender Closing is:

12:00:00 PM. MST on **September 8, 2010**
(the "Tender Closing")

1. The work to be undertaken generally involves, but is not necessarily limited to: gravel crushing operations (the "Work") as set out on the specifications attached hereto as Schedule "A".
2. To be successful all bidders must attend a site meeting on **September 2, 2010 at 11:00 a.m. sharp**. **Failure to do so will void your opportunity to be awarded the contract.**
3. The Successful Bidder shall commence as early as possible after awarded and achieve substantial performance of the Work for the Project by **November 15, 2010**. The Successful Bidder will provide notice to the MD at least 72 hours notice prior to the commencement of crushing operations.
4. All written inquiries regarding the technical aspects of the specifications for the Work shall be faxed to **MD of Provost No. 52, Attention: Tyler Lawrason** however the bidder(s) acknowledge and agree that the MD does not have an obligation to provide a response to any written inquiry and that it is in the sole and unfettered discretion of the MD to provide any written response to a written inquiry. Telephone inquiries and email inquiries will not be replied to.
5. Submission of a tender by a Bidder gives the MD the right to require the Bidder to execute the contract to perform the Work as set out within the tender documents. Tenders may not be withdrawn after the Tender Closing and will be irrevocable and open for acceptance by the MD for a period of thirty (30) days following the end of the day of the

Tender Closing. The Successful Bidder will be notified in writing of the award of the Tender when the MD delivers a letter of intent to the Successful Bidder

SCHEDULE "A"

A. CRUSHING SPECIFICATIONS

1. Materials

- a) Only materials suitable for the production of gravel will be accepted. The use of organic materials will not be tolerated.
- b) The Successful Bidder will provide a site of sufficient size to allow for required crushing operations.

2. Crushed Gravel

All gravel produced must meet the following specifications:

	Percent Passing
METRIC SIEVE SIZE	Modified 4:20 Spec.
40,000	-
25,000	-
20,000	100
16,000	-
10,000	35-77
5,000	15-25
1,250	0-15
630	-
315	-
160	-
80	0-12
% Fracture by Weight (2 faces)	70+
Moisture Content	0-7

3. Fines Elimination

Elimination shall be bid according to a sliding scale relating to percentage of elimination. Elimination sand shall remain the property of the registered pit owner.

4. Moisture Content

The Successful Bidder will ensure that all material produced meets the specifications as set out in Section "A- 2".

5. Testing

All material may be sampled and tested by the Municipal staff while production is taking place. Should the Successful Bidder dispute the results of these tests, an engineering company will be secured to re-test the samples. In the event that the second set of results are close to, or the same as, those reached by the Municipality then the Successful Bidder will be responsible for all costs incurred in securing the engineering company's services. The Successful Bidder agrees that the Municipality will only be responsible for paying and taking delivery of crushed gravel that meets the Municipality's standards and specifications.

B. STOCKPILE OPERATIONS

The Successful Bidder shall deposit all crushed material in the pits as specified in this contract.

C. CALCULATIONS OF QUANTITIES

The Successful Bidder shall use a scale to weigh quantities.

1 cubic yard = 1.2727 tonne
